

FR8 Logistics : Container Sales

{loadposition adblockeight}

> Vanuatu Containers : Sales, Hire & Modification

As Vanuatu's leading freight handling company, FR8 has a close association with shipping companies and wharf operators. This results in FR8 knowing where, and when, containers are being decommissioned and made available for repurposing.

Shipping containers have any number of uses once they are decommissioned. They are extremely tough, adaptable and a cost effective solution for transportable, temporary and permanent storage units, site offices and camp lodgings, custom built dwellings, workshops and the like.

You can see the full specifications of the most commonly available units on our [containers](#) page. External and internal dimensions, door opening clearances, unit weights etc are all listed.

BUY

FR8 can supply both new and used 20' and 40' containers for outright purchase. Typical purchase prices are:

20' New : xxx vatu

20' Used : from xxx vatu

40' New : xxx vatu

40' Used : from xxx vatu

Purchasers are responsible for the additional costs associated with collection, transport and delivery.

HIRE

FR8 can also offer a hire option where a container is required for a specific period and an outright purchase is not a viable option. The minimum hire period is x months. Typical hire costs are:

20' New : from xxx vatu per month

20' Used : from xxx vatu per month

40' New : from xxx vatu per month

40' Used : from xxx vatu per month

Hire costs vary according to the rental period, container condition plus the costs associated with collection, transport and delivery.

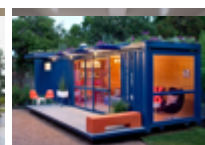

MODIFY

FR8 is able to supply an extensive range of fittings and fixtures for the repurposing of containers.

All conversion kits are sourced from one of New Zealand's leaders in the field. They are quick to install and require minimal specialized skills.

Conversion kits are imported and are generally available xx weeks after order.
